Such
nonsense,
young lass!
What is that
supposed to
mean?!

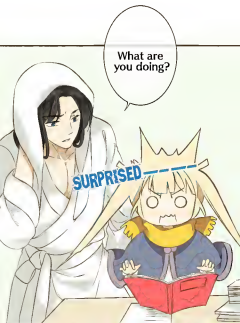

Teehee~
Nothing!

Lianlian,
I didn't hear
you come
out.

I already
told you
don't call
me
"Lianlian"!

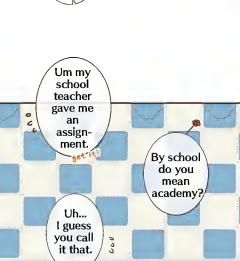

That's
right,
what ever
are you
doing?

Curious

Curious

I'm
writing
my
home-
work.

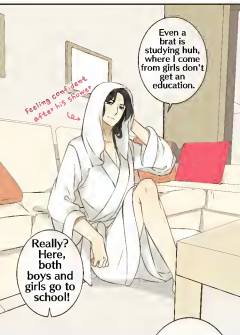

Home-
work?

Um my
school
teacher
gave me
an
assign-
ment.

Uh...
I guess
you call
it that.

By school
do you
mean
academy?

Feeling confident
after his shower

Even a
brat is
studying huh,
where I come
from girls don't
get an
education.

Really?
Here,
both
boys and
girls go to
school!

Looks like I
ought to
study up
on ancient
Chinese
history!

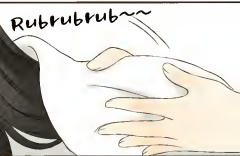

Little girly,
young lass,
brat,
why can't
you just call
me by
my name?

Simple!

I. Don't.
Want. To.

*see chapter note at end

We use it to wash our hair where I'm from.

Oh.

I'll look it up on the internet in a bit....

Lass, how old are you?
10?

I'm 7.

You're pretty competent for 7. Have you done this before?

Sobs
....Gujiu,
I'm going with
mommy,
I don't want to
leave you
wahh!

I also don't want
to leave you but
I can't leave
daddy, he's so
miserable...wah...

Hey, lass!
Young lass!

Ah, what
Lianlian?

You're
younger
than my
last maid
but close
enough
so...

So?

So, to the
best of your
ability you
must attend
to me
personally,
OK?

Maid?!
Just a servant?!

How is this happening?!
Obviously this is my house,
what's with this guest
treating me like a servant!
The injustice! This old fuddy
duddy is seriously mistaken!

with stern righteousness

Why you
mischievous
little ?!

Gujiu's not
mischievous!

Lianlian, God
definitely took
pity on Gujiu
that's why he
gave me this
present!
That's why...

That's why...

Gugu, let me tell you something. If you want to be happy forever together with another person you must use any means possible to marry him!

Marry him? What does that mean?

I don't understand the specifics but I overheard our cousin talking about it!

Our cousin is truly happy right now because she is married?

That's definitely why! Our cousin is not a liar!

Jugu, you say if I marry someone they'll be with me always?

That's right,
that's right!
Don't you
think that's
awesome?

How come
mommy and
daddy want
to divorce?

Why does mommy
want to take my big
sister and move
overseas to some
faraway place?

How come other
kid's parents stay
together? Why is
daddy so busy
with work?

Gujiu doesn't
want to be
alone in this cold and
depressing house
anymore.
I'm begging you God!
Please send
someone to be
with me!

I'm begging you...

What the heck are soap pods?

Chinese honey locust or *Gleditsia sinensis* (also known as soap bean or soap pod) is a plant that was used in ancient china as detergent.

And... here's a special bonus uncensored Lianfo butt from the artist's weibo page
